	(See page 2 for Site Plan requirements)						

A SITE PLAN IS REQUIRED

YOUR SITE PLAN MUST INCLUDE THE FOLLOWING INFORMATION:

- The dimensions of the area to be used and its relationship to other structures or buildings on the property.
- The location of all structure(s) or facilities to be added, including but not limited to, tents, stands, booths, rides, bleachers, seating areas, stages, animal pens.
- Sanitary facilities including location and number of portable or permanent restrooms, wastewater collection, trash collection.
- Electrical installations including any temporary power poles, generators, or other electrical provision.
- Portable water source such as location of any water connections to be used or the availability of bottled water.
- Location, distance from adjacent structures, and quantity of any flammable or combustible materials such as propane, gasoline, fireworks, sawdust, or firewood to be used at the event.
- Type, number and location of fire extinguishers.
- Parking areas, routing of traffic in the area and street closures.
- Location and method of housing any animals that are part of the event.
- Location of any amplified sound equipment and estimated effect of the sound.
